## IN THE COURTS

Judge Berry Turns Arthur Brewer Over to United States Army Officers.

### WARD CASE NOW ON TRIAL

Only a Few Cases in Police Court Today—Road Question in Fiscal Court Tomorrow.

### NEWS OF THE MAGISTRATES' COURTS

Judge Husbands is still too ill to hold court and Special Judge W. A. Berry is again presiding in circuit court.

Mr. Henry Katterjohn was excused from the petit jury today and Mr. Wm. Jones substituted.

In the case of John Moore, fined \$100 Saturday for keeping a disorderly house, motion was made for a new trial, but not acted on.

A reply to the city's answer was filed by Porteous & Patterson in their suit against the city to collect the \$1,000 balance on the brick street.

Lieut. Fleming, of the U. S. A., appeared before the court, and stated that Arthur Brewer, colored, enlisted in the army last week, and was the day he was to leave arrested for stealing a dog and selling it. He asked the court to release Brewer, transferring to send him to the Philippines at once.

Upon recommendation of Commonwealth's Attorney Bradshaw, Brewer was turned over to the lieutenant, the indictment against him being filed away.

In the case of Abbie Loving against Dennis Loving, a divorce was granted. A divorce was granted in the case of W. E. against Emma Davis.

Hate Neece and Jas. Childers, charged with hog stealing, were granted a continuance until the September term.

The case against Ed Ward, for keeping a disorderly house on Westington street, is now on trial, and will probably not be finished today.

### GRAND JURY INDICTMENTS

The grand jury has found the following indictments, which will be returned in the morning: Newt, alias Joe Davis, white, male, stealing; Jacob Kaufman, white, obtaining money by false pretenses from D. J. Levy; Marsh Hopson and Noah Thomas, colored, false swearing; Wm. Dalton, white, breaking into the Broadway M. E. church.

### SUITS FILED

D. M. Osborn & Co. filed suit against J. H. Wiley and E. Y. Ogilvie for \$164.10 on a debt.

### COUNTY COURT

Judge Tully held county court today. The will of the late A. G. Hodge was admitted to probate. He leaves his estate to his son and daughter, Mr. August Hodge and Mrs. Mary Hodge. Mr. Hodge qualified as executor this morning.

A new road from the Paducah and Cairo gravel road to the Paducah and Hicksville gravel road was established and the road supervisor ordered to open it.

C. K. Lamond, D. S. Holland and E. B. Wrenn were appointed commissioners to inquire into the advisability of establishing a road from the termination of the Childers road to Payne's school house.

The order made some time ago appointing to Mrs. Willie Bowles Ella Lee, an infant, was this morning set aside, the mother desiring to take her child back.

## CALLED SESSION

The City Council Will Meet Tonight to Transact Special Business.

### STREET SWEEPER HERE

The Elks Will File Their Petition Tonight for the Use of the Street for the Carnival.

### OTHER CITY NOTES OF INTEREST

Mayor Lang has called a meeting of the council for tonight to consider several matters.

The Elks will file their petition for the use of streets during the carnival, and will not doubt get it without difficulty.

L. B. Ogilvie & Co. will petition the council for permission to lay a special system of sewerage from the cellar of their new building to the main sewer.

The matter of licenses will also come up, and any changes in the license ordinance will be made so as to become effective before May 1st, when all licenses become due.

The N. C. & St. L. will ask the council for permission to build on side track across Sixth street.

Mayor Lang said this morning that the city will get gravel from pits above the city temporarily. There is a shortage of gravel just now, owing to the bad weather.

The city's new street sweeper arrived today and was taken from the freight office. It will be used as soon as the factory's man arrives here to operate it.

Mr. Wm. Derrington, a former policeman, succeeds Mr. E. B. Johnson as assistant to Street Inspector Utterback, and began work this morning. Mr. Johnson was a few days ago elected county road supervisor.

Superintendent of Carriers F. B. Ashton stated this morning that he had not yet received official notice from Washington about the shirt waists, but when he does, the carriers will be allowed to vote on their adoption or rejection. From expressions heard from the carriers, however, they do not seem to want shirt waists. But hot weather may witness a change of heart.

### SCHOOL NOTES

GRADUATES BUSY—THE ATTENDANCE IS VERY GOOD.

The members of the graduating class are busy preparing their essays and orations for commencement night. The invitation cards will be selected in the course of a week or so.

Superintendent Hatfield, in conversation with a Sun representative, stated that the average per cent of attendance for the year was about ten per cent more than last year. This he stated was indeed very encouraging.

Miss Bessie Sinclair, of the Longfellow school, teacher of the Fifth grade, has resumed her duties after one week's illness.

### THE GAS COMPANY.

SALE WILL BE CONFIRMED AT LOUISVILLE TOMORROW.

Itself E. A. Fowler, of the Paducah Gas company, received notice today that the sale of the Gas company to Mr. Thomas Coffee, of Peoria, Ill., for \$46,200 March 20th, will be confirmed by Judge Evans tomorrow.

Mr. Coffee, who has been here a week, will then take charge and begin arrangements for the extensive improvements he contemplates.

### THE WEATHER.

The government forecast is: Fair tonight and Tuesday, except possible showers in extreme western portion Tuesday.

### BIDS FOR SUPPLIES.

Cautodian F. M. Fisher has all bids in for custom house supplies. These include water, fuel, lights, sprinkling, etc., and amount to about \$2,500 a year. It is probable the coal bids will be rejected and new ones asked when the summer prices are fixed.

## BEAR RAID

Leading Shares Declined; Followed By Big Profit Taking, at New York.

### It is Not Believed Diplomatic Relations

With China Have Been Interrupted.

### GREAT CROWDS ARE AT MEMPHIS

New York, April 8.—The stock market was demoralized at the opening today by a bear raid. Many of the leading shares sharply declined, and after a big profit taking, there were violent recoveries, but not all losses were recovered.

### Washington, April 8.—The government

officials here do not credit the reports from Peking of interruption of diplomatic relations between Russia and China.

The administration is perplexed over a cable dispatch received yesterday from Mr. Squire, now in charge of the American legation in Peking. The dispatch, according to a publication today, said:

"The Russian minister refuses to receive official communications from Chinese commissioners," which carried the inference that diplomatic relations between the two countries interested would be broken off.

The officials are very reticent about the matter and decline to affirm or deny whether it is correctly stated. They will go only so far as to admit the receipt of a dispatch whose purport was not clearly understood, for which reason it was not given to the press for publication. Another cablegram which reached here today from Mr. Rockhill, the special commissioner of the United States, engaged in conducting the peace negotiations, made no reference to the matter.

The impression of the officials at the Russian embassy was that no special significance attached to the Squire's dispatch. According to them it simply meant that the Russians had discontinued further negotiations at this time on the Manchurian question alone, which for the time is held in abeyance.

JAPAN GETTING READY.

London, April 8.—The Yokohama correspondent of the Daily Mail, wiring yesterday and dealing with the attitude of Japan toward Russia's Chinese policy, says: "Shipping companies have been ordered to hold their vessels in readiness for transport service. Cruisers on the reserve list have been commissioned for active service. All leaves have been recalled and officers of the first reserve have been warned for service. There is much popular excitement."

### THE PRESBYTERY.

MANY MINISTERS ATTENDING THE MEETING NOW IN

### Progress at Mayfield—Rev. J. C. Reid, of

Paducah, Preaches at One of the Mayfield Churches.

### Mayfield's Presbytery, of the Cum-

berland Presbyterian church, met in the First O. P. church, Mayfield, Ky., at 10 a. m. Saturday. The opening sermon was preached by visiting Moderator Rev. M. D. Jones, of Dexter, Ky. His theme was "The Simple Sayings of Jesus to the Simple Galileans." He very beautifully told of the Christian's duty towards the poor and said that these sayings inspire us to greater things for God.

The constituting prayer was led by Rev. J. D. Kirkpatrick.

About sixteen churches of the Presbytery [are] there represented. There being from these churches a number of visitors, besides delegates-elect, there are thirteen ministers present, thus far. This number will no doubt be increased before the close of the Presbytery.

Rev. J. D. Kirkpatrick was elected moderator by acclamation. Brother Kirkpatrick is one of the oldest as well as one of the strongest members of the Presbytery, having belonged to it for almost forty years, during which time he has missed but two sessions. G. B. Annan, during the war of 1861-1865, was a member of the Presbytery.

## COUNTY PRIMARIES.

SEVERAL HELD OVER THE STATE SATURDAY—THE RESULTS.

### IN BALLARD COUNTY.

Wickliffe, April 8.—The nominees of Saturday's primary are as follows: Sam J. Moore, county judge; Jake Corbett, county attorney; W. O. Nichols, sheriff; Joe Grace, clerk; Taylor Delworth, jailer; J. L. Ghoslen, assessor.

### FULTON COUNTY PRIMARY.

Fulton, Ky., April 8.—In the Fulton county Democratic primary Saturday the ticket nominated is: County judge, Hiram Kearby; county clerk, Sam D. Luten; county attorney, Henry Remley; superintendent of public instruction, Miss Dora Smith; jailer, J. O. Noonan; sheriff, George L. Carpenter; surveyor, A. O. Holmes; assessor, A. R. Broder. There was a heavy outpouring of Democrats, and for the first time in the county's history, a woman was elected to an office.

### IN BATH COUNTY.

Owingsville, Ky., April 8.—The Democratic primary to nominate candidates for county officers Saturday was red hot from start to finish. The following are nominated: County judge, John A. Daugherty; clerk, T. J. Peters; sheriff, Seth Botta; school superintendent, W. P. Perry; jailer, Samuel Jones; assessor, John Oakley; surveyor, B. A. Shont; coroner, Dr. S. C. Alexander.

At Preston precinct, John Letcher seriously cut Nert Fleming, and at Bethel Lewis Evans shot and slightly wounded Seth Harlin.

### REPUBLICANS NOMINATE.

Calhoun, Ky., April 8.—The Republicans of Calhoun county met in mass convention Saturday and nominated the following ticket: Representative, George Adams; county judge, Ben F. Landrum; county attorney, Walter Newton; county clerk, L. A. McKuen; assessor, Bornett Goran; jailer, Doc Thompson.

Benton, Ky., April 8.—The nominees of Saturday's primary are: J. M. Fisher, county judge; Posey Hanson, clerk; David Revere, sheriff; Geo. Edwards, attorney; Cross, school superintendent; R. J. Fisher, assessor; J. M. Johnson, jailer.

At Preston precinct, John Letcher seriously cut Nert Fleming, and at Bethel Lewis Evans shot and slightly wounded Seth Harlin.

## THIRTY YEARS

The Famous Duchess of Devonshire Portrait Delivered in Liverpool Today.

### STOLEN THIRTY YEARS AGO

Trial of Capt. Garrett Ripley Begins at Frankfort Tomorrow—Both Sides Are Ready.

### TELEGRAPHIC NEWS OF THE DAY

Liverpool, April 8.—Mr. Agnew arrived today with the famous Duchess of Devonshire portrait, stolen 30 years ago and never recovered until a short time ago. The last time it was sold it brought over \$50,000. Where it has been all this time is left to conjecture. The name of the thief and its place of concealment all these years, are not revealed by Pinkerton's detectives, who worked up the case.

The portrait was cut out of its frame, sealed in a box, and the box had never been opened. It is said the picture was stolen to be used in aiding a gang of noted forgers 30 years ago to regain their liberty, and they were released without needing it.

CAPT. RIPLEY'S TRIAL.

Frankfort, April 8.—Both sides will be ready and the trial of Capt. Garrett Ripley, for alleged complicity in the Goebel murder, will begin here tomorrow.

Monticello, April 8.—Shaden Church, a prominent farmer, went turkey hunting and was found dead two miles from home. The coroner is investigating.

The Avalon is on her way from Chattanooga here and will report tomorrow night or early next morning.

DAILY THOUGHT.

Let us see our past mistakes and failures as building material for future success.—Phillips Brooks.

If Cuban editors want to adopt the American journalistic method of law-pooling the administration officers, they must wait until the Cuban coat is more thoroughly broken by Uncle Sam. The belly animal has not yet consented to work in harness.

Circuit Judge Toner has decided at Louisville that snorties on policemen's heads are liable to only the city, and not to any individual, for detection of duty, fish arrest, or abuse of authority. This renders an officer's bond of very little benefit or protection to the public at large.

Former Congressman Pugh, who was an applicant for the federal judgeship of the Ninth district, will be appointed solicitor of internal revenue to succeed Solicitor Geo. M. Thomas, his father-in-law. Congressman Pugh is very popular in, as well as out of, his party and the judgeship to which he aspired having been selected for ex-Gov. W. O. Bradley, he will be given the position his father-in-law covets.

Down at Metropolis the candidates for city office have a novel method of campaigning. One candidate rents a hall, has it heated and lighted, and employs a string band to furnish music. He then invites the other candidates to be present and speak, and of course the crowd votes him a jolly good fellow and a magnanimous aspirant for public favor. Nothing of the kind has yet been attempted in Paducah.

Some of the New York papers have advanced the somewhat novel idea that laws should be passed in all large cities prohibiting the insuring of hotels, opera houses, and tenement houses. They urge in support of their claims that nearly all of the hotels and other large buildings are insured for more than their worth, and are veritable fire traps. Their owners, instead of making them fire proof, as they would certainly do if they could not insure them, allow them to remain fire traps, and daily endanger hundreds of lives, many of which would undoubtedly be lost in case of fire. This agitation, however, has thus far yielded no results in the cities.

Some old fogeys in the Visitor:

"Would it be a good idea to give away an \$9,000 engine, and pay \$2,000 to boot for a ten-story aerial ladder in a four-story town? Citizen."

No, it would not. But Paducah has no \$9,000 fire engine, she is not thinking of buying a ten-story aerial ladder, and is not a "four-story" town. The fire engine proposed to be traded is not worth \$500, and is virtually of no use to the city. We now have no practical, modern means of fighting fire even in a three-story building, as was clearly demonstrated a few months ago in the opera house fire. No city the size of Paducah, except Paducah, is without an aerial truck and ladder, and anything good enough for other cities is not too good for Paducah.

The suppression of Havana, Cuba, of "The Discussion," a newspaper, was brought about by a caricature having the title of "The Cuban Calvary," representing the Cuban republic personified in a Cuban soldier being crucified between two thieves, Gen. Wood being represented as one thief and President McKinley as the other, both being labeled with their names. Senator Platt was represented as a Roman soldier giving vinegar and gall in the form of the Platt amendment, while public opinion, as Mary Magdalene, was weeping at the foot of the cross. Below was the following inscription: "Destiny will not reserve us for a glorious resurrection." The president of the Cuban constitutional convention promptly called on General Wood and assured him that the members of the convention regretted the publication very much, and that it in no wise reflected the sentiment of the people of Cuba, who hold President McKinley and General Wood in the highest respect. As suppression of either free speech or free press, however, is non-American and consequently a course that would be heartily disapproved, no matter how much the privilege might be abused, by the liberators of Cuba, the great American people, the paper will be permitted to resume, and the editor will doubtless be

### A SENSIBLE VIEW OF IT.

It is very gratifying to find such sound views as these, on the matter so important as the so-called "trusts," in a Democratic paper. New York Town Topics says:

"I am not of those who see in the ill-used word 'Trusts' a bigness and menace to the people's interests and to human development and liberty. The aggregation of vast capital to work some field of industry may be, and indeed has been, a magnificent beneficence. The Standard Oil Organization has been loaded with abuse as being distinctively the most powerful, and, therefore, most to be condemned, of the so-called 'Trusts.' To the student of the practical questions which affect the well-being of the world at large have come facts that prove that of all the business aggregations of capital the Standard Oil company or 'Trust' has been the most far-reaching and beneficent in its results. It has taken the generous cradle product of Nataro found in limited sections of the earth's surface; made from this a thousand refined articles, discovered by scientific minds which its capital enabled it to command, and spread them to the remotest districts of all the world, thus creating a commerce employing hundreds of thousands of hands and many hundred ships. It has carried to the homes of the peasant in Europe and the farmer in America that essential of home comfort—abundant light—at a price so small as to make the tax upon the most meagre income scarcely felt. Not three decades ago a very inferior lighting fluid from petroleum cost in the United States from fifty cents to one dollar per gallon; in the remote districts its cost was even greater. Twenty-five years ago I traveled throughout flungary, and found the 'tallow dip,' with its unsatisfactory light, generally used. Now the candle has practically disappeared from flungary, and in its place is the cleanly, brilliant kerosene. I doubt if there is a place where a good quality of kerosene cannot be had for less than fifteen cents per gallon. This result could only have been brought about by the enormous capital concentrated in the Standard Oil Organization, enabling it to employ cheapened means of transport by pipe lines, tank cars, tank ships, etc., and to install the latest inventions in processes and mechanical appliances for treating the crude product. It could pay for the study by scientific men of the possibilities of useful by-products of crude petroleum. It could establish everywhere depots of supplies involving an investment greater than the capital of a half dozen of the strongest banks. The extraordinary cheapening of lighting fluid has been brought about, not by wreck, ruin and losses often the cause of temporary cheap prices—but while producing large returns to the capital employed in the industry. The world at large has profited by this, and hence no one should begrudge the profits that the projector, the capitalist, the executive managers have realized."

"Among other benefits America has derived from this 'Trust' has been also a greater development of the merchant marine than millions spent in direct subsidies could have accomplished."

"Now comes the United States Steel corporation, another 'Trust' with possibilities—if managed with broad and just views as to the relations between capital, brains, and labor—of effecting even more for the general good than has been possible to the Standard Oil company. It can give a renewed impetus, ten fold greater than any heretofore brought to bear, toward American industrial supremacy in the trade and commerce of the world. It can do more for the increase of the American merchant marine than could have been accomplished by the proposed ship subsidy bill. It can afford abundant capital and consequent advantages in conducting business, saving of heavy discounts, employment of most approved plants, machinery, etc.—more regular employment and more liberal wages than have been possible in the steel industry and its co-ordinate or subsidiary branches under the weaker independent and competing organizations. It can, and I believe it will, do all these things, because men with brains big enough to originate and bring about this unprecedented operation must be broadminded, liberal and considerate enough to direct, curb, control and manage the levitation in its own true interests, which will be found to be equally the true interest of the laboring or consuming public."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Washington, April 8.—Secretary Cortelyou is daily engaged in conferences with senators and representative railroad officials regarding the itinerary of the president's coming tour across the continent. As soon as possible, Secretary Cortelyou is trying to complete the schedule before the train leaves on its long journey. The time of returning to Washington will be fixed almost to the hour before the departure, despite the fact that the train will be away from Washington for six weeks, and will travel 12,000 miles and go through more than half the states of the union. Reports received at the white house are that the entire west is making preparations for the trip.

It is not yet known whether Attorney General Knox will accompany the party. He has just come back from spending the winter in California, and may not care to return. With the exception of Secretary Gage and possibly Secretary Root, every other cabinet officer will go. Each one will transact department business aboard the train just as if he were at his desk in Washington. The president will be in constant communication with Washington, and will attend to all the executive business.

While in the state of Washington the president has decided to stop at Chelchals, the home of the Hazard brothers, the two army officers who accompanied Gen. Funston upon the journey which ended in the capture of Aguinaldo. The president probably will make a brief speech there.

The proposed rail by steamer from Duluth or Chicago to Buffalo has been eliminated from the itinerary, owing to the fact that the steamers do not begin to run until June 15. After the trip through Yellowstone Park, the party will go to Salt Lake City, thence to Denver and Colorado Springs. Two days will be spent at the latter place in order to allow time for a visit to Pike's Peak. Stops will be made at Kansas City and St. Joseph, Mo. No extended stay will be made in Chicago. About two days will be spent at Buffalo, and Niagara Falls will be visited.

KENTUCKY CAUSES TROUBLE.

Evansville, Ind., April 8.—The operators in the Southern Indiana coal field threaten to close their mines unless the United Mine Workers of America bring the Southwestern Kentucky coal field into the union. The operators say that non-union coal from Kentucky is being sold here and the competition is unjust and must be remedied by the coal miners.

## PAUPERISM

The dread of the thirteenth, the bane of any nation, is so easily prevented that there is small excuse for even the day laborer at small wages to ever reach the almshouse. ## SKULL FRACTURED.

COWARDLY ASSAULT ON LUM SAMS BY POMP EDMUNDS YESTERDAY.

Lum Sams, a well known tomatist, had considered an inoffensive negro seriously if not fatally assaulted at Ninth and Trimble streets late yesterday afternoon by Pomp Edmunds, a colored desperado well known in police circles.

According to the statements of eye witnesses, some women had Edmunds down soundly beating him when Sams interfered and pulled her off.

As soon as Edmunds got up he seized a brick and struck Sams in the head, nearly killing him. Dr. Sights, when he made an examination, found that the skull had been fractured, but the injury will probably not prove fatal.

Edmunds has not been arrested.

## FURNACE PROPERTY.

QUITE A SUM REALIZED FROM THE SALE THIS MORNING.

Assignee R. G. Caldwell sold 650 tons of pig iron at the iron furnace plant on South Third street this morning at 10 o'clock in accordance with a ruling of the referee in bankruptcy E. W. Bagby. The iron belonged to the defunct Kentucky Furnace company, which went under last fall after running the furnace for a few months.

There were a dozen or more bidders, among them a local bidder or two, but the iron was bought by J. Joseph & Co., of Aurora, Ill., for \$7,241.

The other property, consisting of office furniture and odds and ends about the plant, brought about \$1,000 additional.

There are about 800 tons tied up by the banks, the disposition of which is to be decided by the state court.

## CAUGHT A TARTAR.

MAYFIELD TOUGH GOT HOLD OF A PADUCAH TOUGH, WITH DISASTROUS RESULTS.

Every Sunday morning several members of the tough element of Mayfield come to Paducah to imbibe the "red eye" and have a jolly good time. They arrived yesterday, "tanked" up and tried themselves to the red light district to raise hell, as they put it. One of the toughest staggered against a negro woman and then swore at her for not getting out of his way. She batted him over the "peepers" and then catching him by the hair, which he had a goodly supply of, proceeded to drag him all over the street. When she got through with her "patrimoine" the victim looked like he had been run over by a street scraper. His clothes were torn nearly off his body and he was bruised and bleeding all over. The police could not catch them as they hurried away immediately after the difficulty.

## THE SICK.

Mr. Ed Drennon, of the New Richmond House, is much better today.

Miss Addie Legan, of Hannotsburg, Ill., was taken ill last night, but is much better today. Miss Logan is at the New Richmond House.

Mr. Ed O. Yancey was slightly improved today.

## LEFT WITH RECRUITS.

Lieutenant Fleming, of Louisville, who has been in Paducah the past several days recruiting colored recruits for the army, returned home today at noon. He seemed elated over recruits this trip, all leaving today at noon for Louisville. They will be sent to San Francisco from there and drilled before leaving for the Philippines. Sixteen colored recruits have been secured in Paducah since the first enlistment officer arrived.

The Clyde is due from Tennessee river tonight.

What Prof. Eshman, of the West Point Female college, says about Langley's combination shows:

West Point, Miss., Mar. 4, 1901. To whom it may concern:--

On last Saturday afternoon it was my pleasure, in company with my school and teachers, to witness your performance. Without any exception, the members of our party feel highly repaid for our expenditure of time and money.

(Signed) A. N. ESHMAN, President Female College, West Point, Miss.

My entertainment is especially adapted to cultured and refined audiences, and is endorsed by press, pulpit and public to be clean. Admission only 10 cents; afternoon and evening performance; opposite postoffice.

## RAILROAD NOTES.

THE TIMES "TATTLER" BECOMES A PASSENGER AGENT AT

Louisville—A. W. Whom I Took Eight Years to Secure On a Passenger Train.

A small wreck occurred on the Illinois Central railroad at Pryors Saturday night. A freight car got stuck on a hill near that place and the passenger train attempted to push it on over but a coupling broke and the train stalled. Several cars were derailed and some little delay was occasioned by the accident. Nobody was injured. The cars were slightly damaged.

Master Mechanic Hinton and family will return from Chicago today. They have been there on a brief visit.

Mr. Nat J. Brook, of the master mechanic's office, returned from Louisville this morning. He visited relatives in that city.

The gravel pits at Clay Switch will be worked again soon. They have been abandoned since fall.

Engineer Stanhope Gill, the well known Illinois Central engineer, was taken ill with congestion about 5 o'clock this morning and for a time was in a very critical condition. He was much improved at present time. Mr. Gill rooms over Gilson's drug store, corner Ninth and Broadway.

Trainmaster J. J. Flynn, of Memphis, is in the city today on a brief visit.

Miss Elvira Sydney Miller, the Times "Tattler," enjoys the distinction of being the only female passenger agent of a railroad. She was Saturday appointed to the position by General Passenger Agent Irwin, of the Louisville, Henderson and St. Louis railroad. The appointment is not an empty honor, but a business venture. Miss Miller to present the merits of the road to lady travelers. Her territory will be Louisville, and the duties will not interfere with her literary work, which is so thoroughly appreciated by Kentuckians.

One of the most unusual ticket stories on record is told by Conductor Felix Wright, who runs into Fulton on the Illinois Central. He collected a ticket from Clinton to Fulton, sold December 21, 1892, a few days ago on his train. The old man who presented it for passage said he bought it about eight years ago but heard there was a wreck on the road, and was afraid to get on the train. He never summoned up courage enough to ride on a railroad until last Wednesday.

"Sing" Clark, a local switchman in the employ of the Illinois Central railroad at Fort Jefferson, near Hardwell, Ky., shot and fatally wounded Hester Glass, a notorious negro, at that place Saturday. Glass was attempting to throw a switch when the switchman appeared and demanded that the negro leave the switch alone. Glass struck at Clark with an iron bolt whereupon the latter drew a revolver and shot the negro in the neck.
